Overview

Version 104 of the *Datacenter Automation Utilities* PowerPack adds the "Datacenter Automation: Format HTML Output for ServiceNow Scoped" automation action to the PowerPack.

- **Minimum Required Platform Version:** 8.10.0
- **Support Status:** GA

This document describes:

- [Pre-installation information](#)
- [The installation process for the PowerPack](#)
- [Features included in version 104](#)
- [The enhancements and issues in version 104](#)
- [Known issues in version 104](#)

Before You Install or Upgrade

Ensure that you are running version 8.10.0 or later of SL1 before installing *Datacenter Automation Utilities* version 104.

NOTE: For details on upgrading SL1, see the appropriate [Release Notes](#).

NOTE: If you are using the Datacenter Advanced Enrichment PowerPack, it must be installed last after any automation PowerPacks have been installed. To use the Datacenter Advanced Enrichment, you must re-install it after installing any new automation PowerPacks.

Installation and Upgrade Process

To install or upgrade the *Datacenter Automation Utilities* PowerPack, perform the following steps:

1. Familiarize yourself with the [Known Issues](#) for this release.
2. If you have not done so already, upgrade your system to the 8.10.0 or later release.
3. Download version 104 of the *Datacenter Automation Utilities* PowerPack from the Support Site to a local computer.
4. Go to the **PowerPack Manager** page (System > Manage > PowerPacks). Click the **Actions** menu and choose *Import PowerPack*. When prompted, import version 104 of the *Datacenter Automation Utilities* PowerPack.
5. After importing the PowerPack, you will be prompted to install the PowerPack. Click the Install button to install the PowerPack.

Features

The *Datacenter Automation Utilities* PowerPack includes the following features:

- Automation actions for formatting the output from the automation actions in the *Datacenter Automation Pack* PowerPacks.

Enhancements and Issues Addressed

The following enhancements and addressed issues are included in version 104 of the *Datacenter Automation Utilities* PowerPack:

- A new automation action, “Datacenter Automation: Format HTML Output for ServiceNow Scoped”, has been added to the PowerPack. This automation action adds diagnostic data in HTML format, and the output is displayed in the ServiceNow work note.

Known Issues

This version of the PowerPack does not have any known issues.
