---

## Before You Install or Upgrade

Ensure that you are running version 12.3.1 or later of SL1 before installing the "Dell EMC: XtremIO" PowerPack.

**NOTE:** For details on upgrading SL1, see the relevant [SL1 Platform Release Notes](#).

---

## Installation or Upgrade Process

To install version 106 of the "Dell EMC: XtremIO" PowerPack, perform the following steps:

**TIP:** By default, installing a new version of a PowerPack will overwrite all content in that PowerPack that has already been installed on the target system. You can use the **Enable Selective PowerPack Field Protection** setting in the **Behavior Settings** page (System > Settings > Behavior) to prevent the new version of the PowerPack from overwriting local changes for some commonly customized fields.

To install this PowerPack:

1. Familiarize yourself with the [Known Issues](#) for this release.
2. See the [Before You Install or Upgrade](#) section. If you have not done so already, upgrade your system to the 12.3.1 or later release.
3. Download the "Dell EMC: XtremIO" version 106 PowerPack from the Support Site to a local computer.

4. Go to the **PowerPack Manager** page (System > Manage > PowerPacks). Click the **[Actions]** menu and choose *Import PowerPack*. When prompted, import "Dell EMC: XtremIO" version 106.
5. Click the **[Install]** button. For details on installing PowerPacks, see the chapter on *Installing a PowerPack* in the **PowerPacks** manual.

---

## Features

This release includes the following features:

- Dynamic Applications that discover and collect data from Dell EMC XtremIO storage devices
- Event Policies that are triggered when XtremIO storage devices meet certain status criteria
- Device Classes for each type of XtremIO storage device monitored
- A sample credential for discovering XtremIO storage devices

---

## Enhancements and Issues Addressed

The following enhancements and addressed issues are included in this release:

- The PowerPack was updated for Python 3.6 compatibility.

---

## Known Issues

This release has no known issues.
