

Zebrium Root Cause as a Service (RCaaS) Release Notes

Version EA-89

Overview

This release notes file covers the latest Early Access (EA) release from Zebrium, EA-89. This release adds Disaster Recovery options to ensure that data saved to a Zebrium instance can be recovered after an emergency.

This document covers the following topics:

New Features in EA-89	2
Known Issues	2

New Features in EA-89

The following features are included in this release of Zebrium:

- Added Disaster Recovery features to ensure that data saved to a Zebrium instance can be recovered after an emergency. Disaster Recovery for Zebrium data uses the most recent snapshot of its database as its recovery point.
- Core Zebrium tables are archived periodically to an Amazon S3 bucket.
- Added the **[Refresh Data]** button to the **Ingest History** page (Settings  > Ingest History) to let you manually update the data on the page.
- Added light-mode support to the Zebrium user interface to make it consistent with SL1 guidelines.

TIP: To view the complete Zebrium documentation online, see the [Zebrium Product Documentation](#).

Known Issues

This release has no known issues.
